OMNI - Auxiliary AR / Billing - Copier Services

Placing an Order

To place an order with Copier Services, complete the applicable order form on the Departmental Copier Services website. All new rental and purchase agreements require the buying department to include Purchase Order and Line information on the order form.

Please note: All OBS copier charges, new and existing, require a requisition/PO.

Creating a Requisition

This requisition is very much like other internal auxiliary open-ended purchase orders departments are accustomed to. Review the below step-by-step guide to ensure the appropriate vendor and categories are selected.

1. Determine your requisition amount as described separately. Your department’s Budget Account Manager may have already performed this task for you.

2. Using the Copy Program order forms, estimate additional costs or savings for product additions/cancellations that might apply throughout the year.

3. Navigate to page: https://my.fsu.edu > “Fl” > Main Menu > eProcurement > Requisitions as shown below.
4. You will land on the **Requisition Settings** page. Click the magnifying glass to the right of the “Supplier” field to look up your supplier.

5. Search for your supplier. All internal suppliers will begin with “AUX.” Type “AUX” in the Supplier ID field and select “Find.” The search results will show a list of internal suppliers. Select the appropriate supplier.
   a. You must enter a supplier that begins with AUX. For this requisition, the appropriate supplier is:
      i. AUX00000002 OBS Copy Program
6. The system will bring you back to the **Requisition Settings** page with the supplier information included.
7. Choose a Unit of Measure. **For internal requisitions, always choose “EA”.**

8. Enter a due date. **For year-long, open ended PO’s such as what would be typical for this line of business, use 6/30 of the appropriate fiscal year.**
9. If you receive the following warning message after entering the date, click “OK”:

![Warning message image]

10. When finished, select “OK” at the bottom of the page.

11. You will be returned to the Create Requisition Page. Select “Special Requests” to begin adding the individual lines for your requisition (if you are directed to the Requisition Settings page again after selecting Special Requests, click “OK” to proceed).
12. Create a line for your copier rental (base rental and cost per copy should be combined):
   a. Enter the item description.
   b. Enter Price & Quantity:
      i. Price: equal to the amount you plan to spend for the PO duration
      ii. Quantity: 1 – **Note: quantity should always equal 1**
      iii. Category Code: select category code AUX_COPY0000001 for base rental.
      iv. Add notes as needed in the “Additional Information” field. This information is for your research purposes only.
13. When ready, select “Add to Cart” at the bottom of the page.

![Add to Cart](image)

14. You will see a new, blank line. Create additional lines as needed for other copier category codes. For example, add a line for your paper purchases from the Office of Business Services Copier Services department. Repeat the above steps, but choose category code OBS_COPY00000002 for paper.

15. Departments that are charged fees are rare; this is a special case. Contact obs@fsu.edu if you are unsure whether you should encumber for copier fees. Use category code OBS_COPY0000003 for this activity.

16. If you are purchasing a copier at the end of your lease, create a line for OBS_COPY0000004 for this activity. Consult with OBS staff if you have questions.

17. When you are ready to check out, select “Checkout” at the top of the page:

![Checkout](image)

18. You will be taken to the **Checkout – Review and Submit** page.
19. Flag all of the requisition lines as “Amount Only” as shown below. This is important: without this step, your PO encumbrance will not be correct after your PO is expended.

   a. Select the icon in the “Details” column for the line:

   b. On the “Line Details” page, select the checkbox for “Amount Only.”
c. Scroll to the bottom of the page and select “OK.”

d. A message will pop up indicating that your quantity will be set to 1; this is ok. Select “Yes.”

e. Repeat steps a – d for all lines.

20. Enter your accounting information (department ID, fund, project) as shown below:

   a. Expand the lines using the small grey arrows and then select the “Chartfields 2” tab:
b. Enter the appropriate department ID, fund and project combination in the Chartfields 2 tab.

i. **NOTE: A project must be on its own requisition. A requisition can not include multiple projects or a project and multiple non-project funds.**

ii. A requisition can include multiple non-project combinations (including optional chart fields).

c. Repeat steps a and b for all lines.

21. Review your requisition.

22. When reviewed and ready to submit for approval, click **Save and Submit** at the bottom of the page:

23. The standard approval workflow will be initiated. Once the requisition is fully approved, it will become a purchase order and will be dispatched to the vendor when the applicable system processes run throughout the day.
