OMNI Auxiliary AR/Billing: College of Medicine
Medicine Stockroom & Medicine Labs

Placing an Order

All new orders are placed with the appropriate Stockroom or Lab manager using the auxiliary’s approved form. For more information, please visit the College of Medicine’s Division of Research webpage. Please be aware that a Purchase Order serves to encumber funds & enable internal charges. **A Purchase Order does not serve to place an order with this or any selling auxiliary.**

Creating a Requisition

This requisition is very much like other blanket purchase orders departments are accustomed to. Review the below step-by-step guide to ensure the appropriate vendor & categories are selected.

1. Determine your requisition amount as described separately on the Controller’s Office Auxiliary Accounting training materials page. Your department’s Budget Account Manager may have already performed this task for you.

2. First, decide which vendor & category code(s) you will use. The College of Medicine has several vendors & category codes to accommodate the variety of purchases that departments make from this selling auxiliary area. They are listed here:

3. Navigate to page: [https://my.fsu.edu](https://my.fsu.edu) > “FI” > Internal/Auxiliary Requisition > Requisition as shown below:
4. You will land on the **Requisition Settings** page. Click the magnifying glass to the right of the “Supplier” field to look up your supplier.

5. Search for your supplier. All internal suppliers will begin with “AUX.” Type “AUX” in the Supplier ID field & select “Find.” The search results will show a list of internal suppliers. Select the appropriate supplier.

   a. You must enter a supplier that begins with AUX. For this requisition, the appropriate supplier is one of the below:

<table>
<thead>
<tr>
<th>Supplier ID</th>
<th>Supplier Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>AUX0000011</td>
<td>College of Medicine Stockroom</td>

<td>College of Medicine Labs</td>
</tr>
<tr>

<td>College of Medicine MRI Facility</td>
</tr>
</tbody>
</table>
6. The system will bring you back to the **Requisition Settings** page with the supplier information included.

7. Choose a Unit of Measure. **Always choose “EA” for internal requisitions.**
8. Enter a due date. For year-long, open ended PO’s such as what would be typical for this line of business, use 06/30 of the appropriate fiscal year.

9. If you receive the following warning message after entering the date, click “OK”.

10. When finished, select “OK” at the bottom of the screen.

11. You will be returned to the Create Requisition page. Select “Special Requests” to begin adding the individual lines for your requisition (if you are directed to the Requisition Settings page again after selecting Special Requests, click “OK” to proceed).
12. Create line(s) for your services as appropriate.
   a. Enter the item description as desired.
   b. Enter Price & Quantity:
      i. Price: equal to the amount you plan to spend for the PO duration
      ii. Quantity: 1 – **Note: quantity should always equal 1**
   c. **Search for your Category Code(s).** Type “AUX_MED” into the Category field & select the magnifying glass to search for the category code. It is very important that you select the appropriate internal category code.
      i. For this requisition, choose from the following Category Codes as shown below based upon the vendor you entered above.

d. If needed, add notes in the “Additional Information” field. This will be for your research purposes only.
13. When you are ready, select “Add to Cart” at the bottom of the page.

14. You will see a screen for a new, blank line. Create additional lines as needed for other category codes for this auxiliary. Please group all activity per category code onto one line versus spreading it out over multiple lines when the category code is the same unless you are adding multiple budget combos in the same category code. 

   Note: projects must be on their own requisitions.

15. When lines for all applicable goods/services have been added & you are ready to check out, select “Checkout” at the top of the page:

16. You will be returned to the Checkout – Review & Submit page.

17. Flag all of the requisition lines as “Amount Only” as shown below. This is important: without this step, your PO encumbrance will not be correct after your PO is expended.

   a. Select the icon under the “Details” column for the line:

   b. On the “Line Details” page, select the checkbox for “Amount Only”. Additionally, the Buyer field MUST remain as “CRAYNE”.

   c. Scroll to the bottom of the page & select “OK”.
d. A message will pop up indicating that your quantity will be set to 1; this is ok. Select “Yes”.

e. Repeat steps (a) through (d) for all lines.

18. Enter your accounting information e.g. department ID, fund, project, etc., as shown below:

a. Expand the lines using the small grey arrows & then select the “Chartfields2” tab:

b. Enter the appropriate department ID, fund & project combination in the Chartfields2 tab.
   
   i. **NOTE:** A project must be on its own requisition. A requisition can not include multiple projects or a project & multiple non-project funds.
   
   ii. A requisition can include multiple non-project combinations (including optional chartfields).

c. Repeat steps (a) & (b) for all lines.
19. When reviewed & ready to submit for approval, click **Save & Submit** at the bottom of the page:
