OMNI Auxiliary AR/Billing: Student Union

Placing an Order

All orders are placed with the appropriate Director using the auxiliary’s approved form. For more information, please visit the Student Union Website. Please be aware that a Purchase Order serves to encumber funds & enable internal charges. A Purchase Order does not serve to place an order with this or any selling auxiliary.

Creating a Requisition

This requisition is very much like other blanket purchase orders departments are accustomed to. Review the below step-by-step guide to ensure the appropriate vendor & categories are selected.

1. Determine your requisition amount as described separately on the Controller’s Office Auxiliary Services training materials page. Your department’s Budget Account Manager may have already performed this task for you.

2. Navigate to page: https://my.fsu.edu > “Fi” > Internal/Auxiliary Requisition > Requisition as shown below:
3. You will land on the **Requisition Settings** page. Click the magnifying glass to the right of the “Supplier” field to look up your supplier.

4. Search for your supplier. All internal suppliers will begin with “AUX.” Type “AUX” in the Supplier ID field & select “Find.” The search results will show a list of internal suppliers. Select the appropriate supplier.

   a. You must enter a supplier that begins with AUX. For this requisition, the appropriate supplier is “AUX0000044 | Student Union”
5. The system will bring you back to the **Requisition Settings** page with the supplier information included.

6. Choose a Unit of Measure. *Always choose “EA” for internal requisitions.*
7. Enter a due date. For year-long, open ended POs such as what would be typical for this line of business, use 06/30 of the appropriate fiscal year.

8. If you receive the following warning message after entering the date, click “OK”.

9. When finished, select “OK” at the bottom of the screen.
10. You will be returned to the Create Requisition page. Select “Special Requests” to begin adding the individual lines for your requisition (if you are directed to the Requisition Settings page again after selecting Special Requests, click “OK” to proceed).

11. Create line(s) for your services as appropriate.
   a. Enter the item description as desired.
   b. Enter Price & Quantity:
      i. Price: equal to the amount you plan to spend for the PO duration
      ii. Quantity: 1 – **Note: quantity should always equal 1**
   c. **Search for your Category Code(s).** Type “AUX_UNION” into the Category field & select the magnifying glass to search for the category code. It is very important that you select the appropriate internal category code.
      i. **For this line of business, ALWAYS select one of the Category Codes as shown below:**

      | Category Code     | Description                                  | Detail                                                                                                                                                                                                 | Expense Account |
